

10. TECHNICAL INSPECTION PROCEDURE

Presenting the vehicle at the Technical Checks is considered as an implicit declaration of conformity.

- 10.1 At the Technical Inspection, there will be controlled, and mandatory technical checks carried out, to confirm adherence to specific technical regulations and mandatory equipment as set out above in paragraphs 4,5,6,7,8,9 above.
- 10.2 Vehicles must be presented in Race Condition as it would be as when presented at each prestart at the beginning of each race Stage.
- 10.3 The racing helmets of the competitors must be presented at the Technical Inspection, and if required additional marking.
- 10.4 The mandatory equipment for the particular category, such as first aid kit, towing straps, recovery accessories **MUST** be presented at Technical Inspection. If needed, the Orga will mark the presented equipment.
- 10.5 All off road gear for Moto & ATV **MUST** be presented for Tech Inspection.
- 10.6 A participant will only receive permission to start the event when **ALL** technical checks, as per the Tech Checks Plan, have been passed. This includes the completed and signed disclaimer.

COMPETITOR & SERVICE CREW VEHICLES:

All competitors & Service Crew Vehicles must pass through Technical Inspection & Decals fitted by Officials with all gear required for every category.
