

**8. COMPASS HEADING INDICATION**

Headings to take at the waypoint are indicated in the diagram box, all follow up headings in the description box, as shown in Diagram 7. Only the number should be indicated, no the degree (e.g. 125 instead of 125°)

Marking the headings with "A" if it is the average cap of the next diagram box, "C" if the cap has been calculated with the aid of a computer program or clear digits when the CAP is direct.
